

The Schools Challenge

Evaluate your enterprise!

In the next table, we need to know how much money (profit) you made from selling your goods or service. Follow the example in the first row.

Units/products sold	Single unit price	Amount made from this	
		£	p
25 toffee apples	50p	12	50
	Total profit made		
	Total costs (take away from total above)		
	Final profit		

List three things you learned from your enterprise:

- 1
- 2
- 3

If you were going to do it all again, what would you change?
